LEADERS IN BOTH MICROFIBER
INNOVATION AND PROCUREMENT BEST
PRACTICE - PARTNERING WITH THE
WORLD'S LEADING LIFESTYLE BRANDS.

P A C K A G I N G

**IN 2004 WE ESTABLISHED PACTICS WITH A SIMPLE YET STRONG VISION:
“TO CREATE A DECENT COMPANY THAT OFFERED COMPETITIVELY PRICED,
HIGH-QUALITY PACKAGING PRODUCTS IN AN ENVIRONMENTALLY AND
SOCIAALLY RESPONSIBLE WAY.”**

Pactics is the largest producer of microfiber and packaging products for the world's premium brands in the eyewear industry. Our expansion into new markets offers premium packaging for the fashion industry including dust bags for leathersgoods, cosmetics, electronics and jewellery. As well as garment covers, shopping bags and microfiber accessories for the sports/lifestyle market such as ski facemasks and scarves.

Pactics operates a world-class production facility in Cambodia with a strong focus on sustainability and social responsibility.

Through our production strategy we are able to accommodate low cost and high volume manufacturing together with innovative bespoke small volume production.

The combination of product/process innovation and an international sales/service department offers unique opportunities for our clients to work directly with the factory to achieve the best results in quality, on time delivery, new product innovation and brand protection.

DIGITAL TRANSFER PRINTING (SUBLIMATION)

This technique involves first printing a design onto paper, and then using heat and pressure to transfer the design from paper to fabric. During this process the ink transforms directly from liquid to gas, allowing it to impregnate the fabric and create a smooth finished product resistant to water and light exposure. In addition, sublimation allows for the printing of intricate, detailed designs, and bright, vibrant colours. It is possible to apply any of the below techniques to sublimated fabric.

Silk screen printing

Embossing and debossing

Film printing

We can provide a variety of decorative techniques in addition to decorating the fabric. These include – but are not limited to – stitched labels, contrast stitching and stitching variations, and a selection of cords, beads, and closures.

**THE PACKAGING AND SUBLIMATION SPECIALISTS CREATING
HIGH QUALITY, INNOVATIVE AND TECHNICAL PACKAGING
AND MATERIALS IN AN ENVIRONMENTALLY AND SOCIALLY
RESPONSIBLE WAY, SUPPORTING THE WORLDS LEADING FASHION
AND LIFESTYLE BRANDS.**

OUR EFFICIENT MANUFACTURING PROCESSES MEAN WE ARE ABLE TO PROVIDE LOW MOQ'S WHILE RETAINING DESIGN, QUALITY, AND PRICE INTEGRITY. THIS ABILITY MAKES US A LEADING SUPPLIER FOR SMALLER, SUSTAINABLE NICHE BRANDS.

**FOUR CORE
VALUES**

**PACTICS WAS BUILT AROUND A SOLID SET OF FOUR CORE VALUES.
COMMITMENT TO THESE VALUES INFORMS EVERY ASPECT OF OUR WORK,
AND IS INTRINSIC IN MAKING PACTICS THE COMPANY IT IS TODAY.”**

OUR VALUES**R E S P O N S I B I L I T Y**

As a SA8000 certified company we prioritise the social and environmental impact of manufacturing. The needs of our planet and our people – partners, consumers, and staff – are of primary importance to our business.

**S U P P L Y C H A I N
M A N A G E M E N T**

We understand the importance of brand security. Our commitment to responsible business practice guarantees we deliver high-quality products in an ethical and environmentally friendly way.

C O L L A B O R A T I O N

We believe the best results are achieved through collaboration. Being responsive and versatile allows us to build strong partnerships and work together to create valued products.

I N N O V A T I O N

We know the value of being at the cutting-edge. By investing in knowledge we are able to offer our partners creative product solutions that meet practical needs and further brand identity.

OUR APPROACH

LOGISTICS

We offer 'vendor-managed inventory', shipping products to a storage space close to our partners' production facilities. You can then call off the products as they are required, eliminating the need for unnecessarily financed stock and large warehouses. We work according to production forecasts, ensuring there is enough stock available at all times.

CUSTOMER SUPPORT

Our customer service team is located within our manufacturing organisation, ensuring the communication is quick, easy, and changes or amendments can happen quickly. We offer customer support around the clock, and are able to communicate with our partners in English, French, Italian, Spanish, Dutch, German, Mandarin and Khmer.

ETHICAL FOCUS

A serious commitment to working in a way that is socially and environmentally responsible is what sets Pactics apart. Our partners can trust the integrity of our manufacturing process, and feel confident that their products are not only of the highest quality, but made with both our people and planet in mind.
